Frontend Developer

Frontend Development | Responsive Design | API Integration | Version Control

Motivated frontend developer with hands-on experience in React, JavaScript, and modern design frameworks. Proven ability to optimize web performance, integrate APIs, and collaborate effectively within cross-functional teams. Eager to contribute to Interswitch's innovative fintech solutions during my NYSC service year.

Work Experience

Frontend Development Intern

StormCell - Remote | July 2022 - Oct 2022

* Implemented React-based code for the organization's academy, optimizing page load speeds by 20%.

* Integrated and consumed API endpoints to enhance dynamic content delivery.

* Enhanced team collaboration using Git/GitHub and agile methodologies.

* Worked closely with designers to ensure seamless UI/UX implementation.

Software Development Trainee

Tech4Dev - Lagos, Nigeria | Oct 2021 - Jan 2022

* Developed responsive and reusable web components with HTML, CSS, and JavaScript.

* Ensured technical feasibility of UI/UX designs, collaborating with designers and product teams.

* Identified and resolved bugs to maintain efficient project workflows.

* Optimized frontend performance through image compression and clean coding practices, improving load times by 15%.

Projects

E-commerce Website

Live Demo: https://barakatokikiola.netlify.app | GitHub: https://github.com/barakatokikiola/ecommerce-site

* Built a responsive e-commerce platform using React and TailwindCSS.

* Implemented product filtering, dynamic cart updates, and API-driven content.

* Achieved 30% faster load times through code optimization and image compression.

Portfolio Website

Live Demo: https://barakatokikiola.netlify.app | GitHub: https://github.com/barakatokikiola/portfolio

* Designed and developed a personal portfolio to showcase projects and skills.

* Utilized HTML, CSS, JavaScript, and React to create a fully responsive design.
